REPORT
TC/CV.01/24.09

Subject: Sculpture by the Sea 2024 - Special Event

TRIM No: A24/0228

Author: Eashan Sharma, Senior Traffic Engineer
Corey O'Malley, Event Coordinator
Simon Mueller, Manager, Integrated Transport

Authoriser: Nikolaos Zervos, Acting Director, Assets & Operations

COUNCIL OFFICER'S PROPOSAL:

That Council approves the Transport Management Plan and Traffic Guidance Schemes for the Sculpture by the Sea 2024 event attached to the report, subject to the applicant:

1. Obtaining NSW Police Force approval.
2. Submitting a Traffic Management Plan to Transport for NSW in accordance with the NSW Government's Guide to Traffic and Transport Management for Special Events.

1. Executive Summary

Sculpture by the Sea 2024 is a free sculpture exhibition held between Notts Avenue and Tamarama Park along the Coastal Walk. The exhibition is planned to be held between Friday, 18 October, and Monday, 4 November 2024. The event is run by the not-for-profit Sculpture by the Sea Incorporated (referred to in this report as the Event Organiser). To manage the impact of the event on local roads and resident amenity, Council implements a Transport Management Plan submitted to the Traffic Committee for approval. This report details the traffic management aspects of the event.

Council will need to exercise its delegated functions to implement the proposal.

Due to the local government elections, the first ordinary Council meeting of the new term is on 29 October 2024. Council will therefore consider the recommendation of the Traffic Committee retrospectively.

2. Introduction/Background

Council's Infrastructure Services Department has developed a Transport Management Plan (TMP) in consultation with the Event Organiser and Council's Outdoor and Flagship Events Team. In line with the 2023 event, Council will engage a contract traffic management company to implement the TMP.

Similar to the 2023 event, Council will implement strategies to manage safety and resident issues experienced in Bronte Marine Drive around Tamarama Park involving:

- The creation of a dedicated zone on Campbell Parade for private coaches and chartered buses, associated communications plan and signage.
- The Event Organiser splitting its education program sites between Tamarama Park and Marks Park to alleviate the pressure of school buses/coaches requiring drop-off and pick-up access to Tamarama Park.

It was noted that the one-way couplet at the intersection of Gaerloch Avenue and Dellview Street, implemented for six years, had been working well with no reported incidents. This has, however, been strengthened for 2024 with the addition of centre line cones to discourage unauthorised turns into the wrong end of the one way system.

Due to the resident concerns during the 2023 event, it is also proposed to provide additional signage at a range of unmanned closure points.

Additionally, traffic controller presence at the key 'Resident Access Only' closures of Kenneth Street and Fletcher Street (east) will now be seven days per week instead of weekends only, which was the case in 2023.

The NSW Police Force has previously indicated that this is a Class 2 Special Event with road closures, under the Transport for NSW's (TfNSW) Guide to Traffic and Transport Management for Special Events. The Traffic Committee is required to make recommendations to Council regarding the traffic management aspects of the event, advising Council on conditions to set for the use of road space.

TfNSW will need to approve temporary closures and one-way movements, and the Transport Management Plan will be forwarded to the TfNSW for consideration. Once all approvals and conditions have been met, staff from the TfNSW and Council's Executive Manager, Infrastructure Services, can sign the Traffic Management Plan to authorise implementation.

3. Technical Analysis

The Transport Management Plan, location-specific Traffic Guidance Schemes and an overview of traffic control points are attached to this report (Attachments 1, 2 and 3 respectively).

The following guidelines were used:

- *Transport Administration Act 1988* (NSW).
- TfNSW, Delegation to Councils.
- TfNSW, Signs Database.
- TfNSW, Permit Parking.
- *Road Rules 2014* (NSW).
- Australian Standard AS 1742.3.
- TfNSW, Traffic Control at Work Sites.
- TfNSW, Guide to Traffic and Transport Management for Special Events.

4. Financial Information for Council's Consideration

Sculpture by the Sea is funded through sponsorship, government grants, philanthropy donations, commission from the sale of sculptures, brochure sales and visitor donations. Council is a major sponsor and recognised as a 'Significant Partner' of the event through the services and funding provided, including the provision of:

- The venue at no charge.
- Additional waste collections.
- Parking facilities.
- Park restoration.
- Electricity.
- Staff (additional Ranger and Parks staff hours).
- Other Council officers' time.
- An annual community grant.

These costs are absorbed by the existing budgets of relevant departments, at the expense of competing demands.

It is intended that:

- The cost of providing traffic control for the event will be funded by Council from existing budgets.
- The cost of providing traffic control for the bump-in and bump-out will be recovered from the Event Organiser.

Sculpture by the Sea 2024 Transport Management Plan

(Appendix 1)

INTRODUCTION

Sculpture by the Sea (referred to as the Event), now in its 26th year, is a free outdoor sculpture exhibition along Waverley’s Coastal Walk between Marks Park and Tamarama Park. This year the event will be held from 18 October – 4 November 2024. The event is organised by the not-for-profit entity Sculpture by the Sea (referred to as the Event Organiser).

This *Transport Management Plan (TMP)* is prepared by Waverley Council (referred to as Council) to manage the impact of the Sculpture by the Sea event on local roads, resident amenity and pedestrian safety.

The refinements to the approved 2023 TMP are:

- The ‘Resident Access Only’ control points at Fletcher Street and Sandridge Street, and Kenneth Street and Alexander Street, will be manned seven days a week. Previously the closures were unmanned from Monday to Friday, with Traffic Controllers present on weekends only
- Strengthening the functionality of the Gaerlock Ave & Dellview Street one-way couplet via additional barriers.
- Some signage augmentation is occurring at a range of ‘Resident Access Only’ points

This *TMP* will remain in Draft format, until it has been approved by Council. Any conditions placed on this *TMP* by Council will be incorporated in the Final version. Waverley Council will engage a contractor (Event Service International) to undertake the traffic management of The Event.

Objectives

The objectives of this *TMP* are to:

- comply with requirements of Occupational Health & Safety Act 2000,
- manage reduced capacity of local road system
- minimise traffic impact on non-event community & emergency services

Scope

This *TMP* covers the traffic and transport requirements of The Event, including:

Marks Park bump-in	2 October to 17 October 2024,
Tamarama Park bump-in	14 October to 17 October 2024,
Coastal Walk bump-in	14 October to 17 October 2024,
Sculpture by the Sea event	18 October to 4 November 2024,
Marks Park bump-out	5 November to 10 November 2024,
Tamarama Park bump-out	5 November to 9 November 2024,
Coastal Walk bump-out	5 November to 9 November 2024.

Any further traffic management measures will need to be provided by The Event Organiser. This includes, but is not limited to, traffic control for crane lifts associated with the bump-in / bump-out periods. Additional approvals will be required.

ADMINISTRATION

Approvals

Waverley Traffic Committee

The Local Area Traffic Committee is required to make recommendations to Council regarding the traffic management aspects of The Event, advising Council on conditions to set for the use of road space.

Waverley Council

Council will consider the recommendations of the Traffic Committee and assess all other impacts on the surrounding environment before issuing a Schedule of Conditions. It is anticipated that this *TMP* and the committee's recommendations will be considered by Council at the same meeting that it considers all other aspects of the event.

Separate approval is required from Council's Executive Manager – Infrastructure Services for additional traffic control. The use of cranes will require additional permits.

Transport Management Centre (TMC)

This is classified as a **Class 2 Special Event**, in accordance with TfNSW's *Guide to Traffic and Transport Management for Special Events*.

The TMC will need to approve the temporary traffic changes. This *TMP*, will be forwarded for their consideration. Once all approvals have been received and all conditions have been met, Council's Executive Manager – Infrastructure Services can issue a signed copy of this *TMP* for implementation.

The event organiser in conjunction with Sydney Buses are to discuss the implementation of clearways on weekends along Bondi Road with the TMC. It is understood that Clearways on weekends remain unchanged as below:

Dates:

- **Saturday 19, Sunday 20, Saturday 24 and Sunday 27 October 2024.**
- **Saturday 2 and Sunday 3 November 2024.**

Times:

- **From 7am to 2pm** on Bondi Road between Oxford Street and Sandridge Street (eastbound only),
- **From 12pm midday until 8pm** on Bondi Road between Sandridge Street and Oxford Street (citybound side only).

- **From 8am to 4pm** on Campbell Pde between the exit from Queen Elizabeth Drive and opposite Beach Road, Buses Excepted (Eastern side).

Gazetted Speed Limits will not be changed for this event.

NSW Police Force

This *TMP* has been provided to the Eastern Suburbs Local Area Command, as part of the membership to the Local Area Traffic Committee.

The Event Organiser is required to obtain Police approval to hold the event.

Notifications

Event notifications, prepared in consultation with Council's Communications Team and the Event Organiser, will be distributed via a letter-box drop in the weeks leading up to the Event.

TransDev John Holland Buses, Local Fire Brigades (Randwick, Woollahra & Bondi Fire Stations) and NSW Ambulance Service are to be notified with a copy of this *TMP* via email before 29 September 2024.

One Way Couplets

To minimise the impact of additional congestion and improve traffic flow for public transport services, the following one way couplets will be put in place:

The one-way signs will be installed by Council's Clean and Attractive Division. These signs will remain covered until the one-way begins to operate at 9am on Friday 20 October 2023, when they will be unveiled by TfNSW-accredited Traffic Controllers.

Gaerloch Avenue and Dellview Street

Gaerloch Avenue will be signposted one-way southbound and Dellview Street will be signposted one-way northbound during the following period:

10am Friday, 18 October to 10am, Monday 4 November 2024

TfNSW-accredited Traffic Controllers will install water-filled barriers in Dellview Street, at Gaerloch Avenue, and Fletcher Street, to create partial road closures and reinforce the one-way operation. Additional water-filled barriers will be installed to help prevent illegal parking and improve flow for public transport services in the 'No Stopping' zones located in:

Gaerloch Avenue, on the inside of the bend at 22 Gaerloch Avenue,

Dellview Street, on the inside of the bend at 28 Dellview Street, and

Dellview Street, on the inside of the bend at 17 Dellview Street.

Traffic cones will be installed on the centreline on Fletcher Street (opposite Dellview Street) and Pacific Avenue/Dellview Street (opposite Gaerloch Avenue) to prevent right hand turns into the wrong end of these one way systems.

Mirimar Avenue, Ashley Street, Thompson Streets and Turner Street

Mirimar Avenue will be signposted one-way northbound, Thompson Street and Turner Street will be signposted one-way westbound to minimise the impact of additional congestion during the following period:

9am Friday, 18 October to 10am Monday 6 November 2024

TfNSW-accredited Traffic Controllers will install water-filled barriers in Darling Street and Ashley Street to reinforce the one-way operation. Additional water-filled barriers and traffic cones will be installed to help prevent illegal parking and improve flow for public transport services in the 'No Stopping' zones located in Mirimar Avenue, at Thompson Street.

A TfNSW-accredited Traffic Controller will be located on Darling Street, at Ashley Street, during the following periods:

7.30am to 6.30pm, Saturday 19 October and Sunday, 20 October 2024,

7.30am to 6.30pm, Saturday 26 October and Sunday, 27 October 2024, and

7.30am to 6.30pm, Saturday, 2 November and Sunday, 3 November 2024.

Bump-Out

Tamarama Gully

Tamarama Gully will be used for event crew parking during the Bump Out period.

Extraordinary Traffic Control

Any additional traffic control will need to be provided by The Event Organiser and this will require separate permits and approval by the Divisional Manager Technical Services. This includes, but is not limited to, traffic control for crane lifts.

Traffic Guidance Schemes

Traffic Guidance Schemes are prepared, in accordance with Australian Standard AS1742.3 *MUTCD: Part 3 – Traffic Control at Work Sites* and the RMS's *Traffic Control at Work Sites* manual.

Council will engage a contractor to implement the Traffic Guidance Schemes in the manner outlined in Appendix 2.

PARKING

To assist the Event Organiser with the organisation required to stage the event whilst minimising the impact on local residents, limited parking passes will be provided in designated areas and additional temporary permit/coach areas parking zones will be created as detailed below.

Parking Permits

The Event Organiser will be provided with a range of Council authorised parking permits over the exhibition period, in order to provide parking for:

- Set up and de rig crew (including artists)
- Staff and Volunteers,
- VIPs and Media Personnel.

The permits will be clearly identify as Council issued permits for the purpose of the Exhibition and will have the date(s) and specific areas the permit is valid.

Council will provide all permits to the Event Organiser prior to bump-in of the event. The Event Organiser will be responsible for the management of distributing:

- Day only permits – Valid for the day as indicated on the permit and able to be transferred to different vehicles as required during the applicable permit's date. No vehicle registration included.
- Council permitted vehicle permits with relevant vehicle registration number and valid for dates stated on permit. Registration included on permit.

Any additional exhibition-related vehicles requiring parking will need to utilise the existing on-street parking in the area.

Any vehicle parked in Council's reserves without a permit and/or contrary to the [NSW] *Road Rules 2014* will be infringed by Council's Parking Services Division.

The table below details the number of parking permits to be issued or each area:

SPECTATORS

It is estimated that up to 500,000 spectators will attend the Event. While a significant number of these are expected on weekends, a large number of school and private tour groups are expected during weekdays.

Other than the provision of increased TransDev John Holland bus services, and designated private/coach bus temporary designated drop off/pick zones, no additional transport arrangements will be made for event goers to and from the Event. It is anticipated that on-street parking will be difficult, especially on weekends.

Public Transport

Public Transport will be heavily promoted in the lead up and during The Event, through:

Council’s website **www.waverley.nsw.gov.au**,

Sculpture by the Sea website **www.sculpturebythesea.com**, and

Transport for NSW *Live Traffic* website **www.livetraffic.com**, and mobile applications.

The area is serviced by public transport, with the 333, 360, 379, 380 and 381 bus routes running past/through the area.

Courtesy Cars

Vehicles to be used as a shuttle service between Notts Avenue and Tamarama Park (TBC) on weekends only.

Emergencies*First Aid*

Details of First Aid facilities to be provided for the event are to be included by the Event Organiser in their Final Event Management Plan submitted for Council approval.

Emergency Vehicle Access

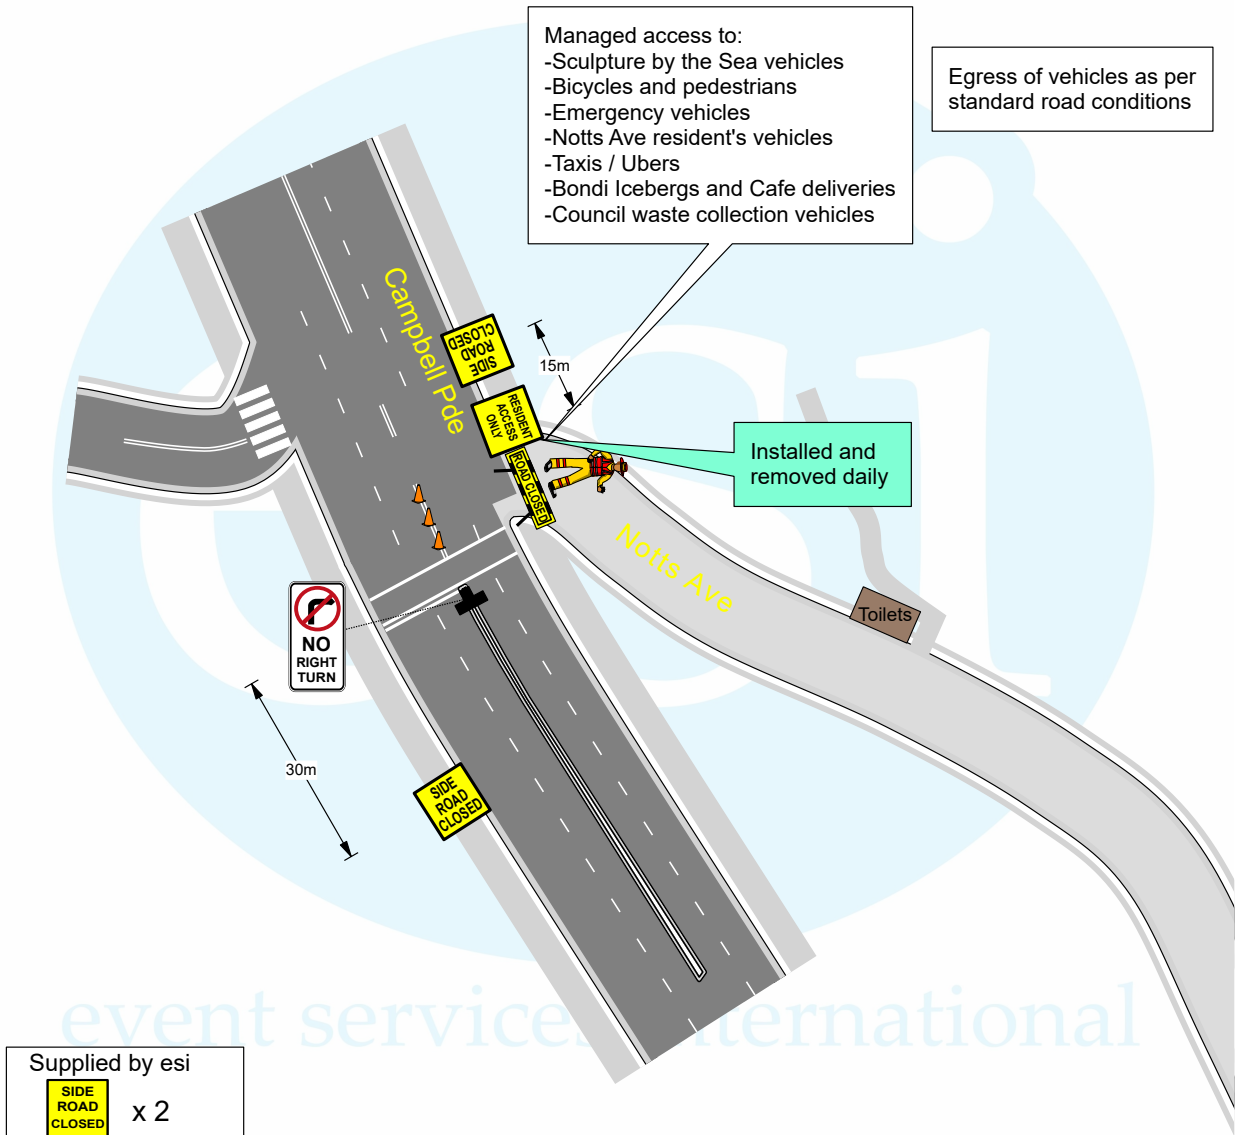

A minimum of three (3) metres clear path will be provided through the affected roads to provide access for emergency vehicles.

Emergency Contacts

The following individuals will be available to co-ordinate any emergencies, should they arise, for the duration of the event:
